

Position held	Head Boy
What you are studying?	Maths, Further Maths, Physics, History
Why you are studying at Richard Hale?	Having studied here for my GCSE's I felt that there was a very good support group that I fitted into nicely and would work well for me, as it did in GCSE.
What your Senior Student position means to you?	As Head Boy I feel privileged to hold such a position of high responsibility and history. The added responsibility of talking to staff, and parents, whilst representing the student body means I can give back to the school that I have been a part of for so long, act as a role model to the younger years, and offer my own input through all of my experiences, something I am very grateful to have the privilege of doing.
Why you applied for it?	From the start of my time here in Year 7 I have always aimed to achieve to the best of my abilities, and the Head Boy was always the epitome that encompassed all of that. They are a role model to the younger pupils and a representation of the school's values. Through my time I have been allowed to grow and improve myself, and so the opportunity to contribute and give back to the school by taking on this role was something that I couldn't miss.
Why would you recommend people apply for a Senior Student position?	Senior positions show your commitment and passion for not just academic learning, but how you are as a person. It requires a lot of input, a lot of responsibility whilst dealing with all of the students and teachers involved in making things work. Therefore, it can really help you to develop and grow yourself, your skillsets, and make you a better all-round person. It also looks good on UCAS or any application as it shows outside commitment, other than just for learning.
Any further comments about Richard Hale Sixth Form	The network here is something to really take use of. All of the teachers are committed to helping you achieve the best that you can, and are willing to go further as well for all of the extra-curricular and super curricular activities available. These are incredibly useful in your development and schooling life, and enrich and enhance it to make it the best it can be for you. I feel privileged to have been able to attend here and to have such a wide and supportive group around me helping me to achieve my A-Levels.
