

Position held	Charity Ambassador
What you are studying?	French, Chemistry, Biology
Why you are studying at Richard Hale?	I wanted to challenge myself and move away from an environment where I was comfortable. I've truly benefited from getting out of my comfort zone and feel confident in myself with the knowledge that I can adapt to new situations.
What your Senior Student position means to you?	I'm proud to be a part of the Senior Student team, and it's enriching to be involved with the school community.
Why you applied for it?	It's very easy at school to be caught up in day to day life and daily problems, particularly in Sixth Form where there is a big change in workload and expectation. I think that it's important to maintain perspective. Through giving back, not only will others benefit, but it also provides scope for any challenges you encounter and helps you to cope.
Why would you recommend people apply for a Senior Student position?	There's a lot to learn from the whole process, for example writing your application and interviews, which will help you gain valuable skills. Also, it's a way of getting involved within the school community and it gives you the opportunity to meet a diverse range of people outside of your usual groups.
Any further comments about Richard Hale Sixth Form	Although challenging at times, the 6th Form provides a strong framework for your future. It's important to emphasise that the 6th Form is not just based on academic skill. There are many opportunities to build personal skills such as leadership, organisation and many more. I would encourage everyone to challenge themselves and get in involved with all the opportunities the 6th Form offers.
