

Position held	Senior Prefect - Student Communications
What you are studying?	Computer science, Further maths, Maths, Physics
Why you are studying at Richard Hale?	Richard Hale has an atmosphere of both learning and extra-curricular activities. It provides many opportunities no matter your interests. It has great post-18 application support with an excellent group for Oxbridge students.
What your Senior Student position means to you?	My role is to provide ways to get information to all of sixth form and the rest of school easily and quickly. It teaches me about computer systems and design for wider audiences. It is a great opportunity to talk to other people about their ideas and share them and utilise them myself.
Why you applied for it?	It is a role which involves both talking to people but also spending time building the systems that allow better communication. It links great with some of my subjects and gives me many examples of how I have helped people with programming, for when I apply to university.
Why would you recommend people apply for a Senior Student position?	It is a great thing to talk about in your post-18 application and gives an impression that you are willing to help others.
